UPCOMING AIR, WASTE, & WATER-RELATED HEARINGS, MEETINGS, & EVENTS

PUBLIC HEARING REGARDING THE A-1 AUTO PARTS SITE (DE-1172) - Pursuant to 7 Del. C. §9109(a)(3) of the Hazardous Substance Cleanup Act (HSCA), the Department of Natural Resources and Environmental Control (DNREC)-Site Investigation and Restoration Section (SIRS) has scheduled a public hearing to be held on **March 19** beginning at 10:00 a.m. in the Pat Ellis Conference Room at the offices of DNREC-SIRS, 391 Lukens Drive, New Castle, Delaware 19720. DNREC invited the owner, Garasches Lane Trust, to participate in the Voluntary Cleanup Program (VCP) and Eufrosina Church, on behalf of Garasches Lane Trust, signed a VCP Agreement with DNREC on November 15, 2000 in order to conduct a Remedial Investigation/Feasibility Study (RI/FS) of the A-1 Auto Parts Site (Site), located at 410 Garasches Lane in Wilmington, Delaware 19805 and identified by New Castle County as tax parcel numbers 26-057.00-010 and 10-001.00-022. The basis of DNREC's necessity to perform a RI/FS and/or Remedial Action included the presence of hazardous substances, such as polynucleated aromatic hydrocarbons (PAHs) and heavy metals, at the Site. By February 2012, DNREC determined that satisfactory progress was not being made at the Site and decided to terminate the VCP Agreement. On February 21, 2012, DNREC issued a termination of the Voluntary Cleanup Program Agreement and a formal notice of liability to the Garasches Lane Trust, c/o Eufrosina Church, in order to perform a RI/FS. DNREC then requested that Ms. Church begin negotiations for a Consent Decree to conduct the RI/FS and/or Remedial Action. Ms. Church indicated that she was willing to negotiate with DNREC in late August 2012, but has since failed to proceed with negotiations. Therefore, DNREC will continue to proceed through an enforcement action unless the Consent Decree is signed, pursuant to §9109(a)(3) of HSCA, to require a remediation of the Site. At the enforcement proceeding, DNREC will request the issuance of a Secretary's Order, requiring the performance of a remedial investigation, feasibility study and remedial action to address any releases of hazardous substances at the A-1 Auto Parts Site. For more Site-specific information, please contact the project manager, Karissa Hendershot or Qazi Salahuddin at ; or visit:

DOCUMENTS AVAILABLE FOR PUBLIC COMMENT OR APPEAL

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the “draft/proposed” permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit, may be inspected at the offices of the Division of Air Quality, 655 S. Bay Road, Dover and 715 Grantham Lane, New Castle. All comments and public hearing requests should be mailed to the following address: DIVISION OF AIR QUALITY, 655 S. Bay Road, Suite 5 N, Dover, DE 19901. To submit comments, for additional information, or for an appointment to inspect the application, please contact Nicole Hill or Penny Gentry at (302) 739-9402.

Federally Enforceable 7 DE Admin. Code 1102 Applications - Notice is hereby given that ICM of Delaware, Inc. having a facility at Breasure Road, Georgetown, Delaware, and 3700 Bay Road, Dover, Delaware, has requested a federally enforceable 7 DE Admin. Code 1102 construction permit (Permit: APC-2014/0041-CONSTRUCTION (Amendment 1) (NSPS) (FE)) for a mobile shingle grinder. This unit was initially advertised on December 22, 2013. However, the facility submitted a revised application on January 10. Revised emissions for the new unit will be 1.52 TPY NOX, 1.52 TPY CO, 0.17 TPY NMHC, 0.0015 TPY of SOx, 0.090 TPY PM, and 0.064 TPY PM10 for each site. Upon completion of construction, the Department will incorporate the operating conditions and limits of the 7 DE Admin. Code 1102 Construction permit into the facilities’ existing synthetic minor permits (APC-2012/0154-OPERATION (Amendment 2) (NSPS) (MNSR)(SM) for Bay Road and APC-1997/0494-OPERATION (Amendment 10) (NSPS) (SM)) via Administrative Amendments. A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 30 days from the date of this notice, ending **March 14**. To submit comments, for additional information or for an appointment to inspect the application, please contact Nicole Hill at the Dover Office at 739-9402; or visit:

SITE INVESTIGATION AND RESTORATION SECTION – The Division’s Site Investigation and Restoration Section (SIRS) is responsible for the identification, evaluation and remediation of sites in Delaware that have had past releases of hazardous substances. The Section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the Brownfields Development Program, the Voluntary Cleanup Program (VCP) and the HSCA Enforcement Program (for sites requiring enforcement action).

The Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties, which may be contaminated. A party seeking to develop such a property negotiates with SIRS for a Brownfields Development Agreement (BDA) to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current site owners. The Voluntary Cleanup Program (VCP) Agreement is available to site owners, who want to clean up their sites and are already liable as a potentially responsible party for the site. Proposed and final plans of remedial action are available online at: <http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under “Announcements.” For site-specific information, please see DNREC’s Environmental Navigator at <http://www.nav.dnrec.delaware.gov/DEN3>

NOTIFICATION OF PUBLIC COMMENT PERIOD FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE HUDSON PIT SITE (DE-0107) - Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). DNREC’s Site Investigation and Restoration Section negotiated a BDA with Schell Properties, LLC regarding the Hudson Pit Site, located at NS Route 1 and Tulip Drive in Lewes. Identified by Sussex County as tax parcel numbers 335-11.00-59.00 and 01, 335-11.00-55.00 and 335-11.55.56, the 36.48 acre Site may have had a release of hazardous substances as a result of past use as a landfill. DNREC invites written public comments on this BDA. The public comment period begins on, February 26 and will close at the end of the business day (4:30 p.m.) on **March 17**. Please submit written comments to the Project Manager, Tiffany Neumann, at ; or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=2237&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTIFICATION OF PUBLIC COMMENT PERIOD FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR FIRST STATE MILITARY ACADEMY SITE (DE-1565) - Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). DNREC’s Site Investigation and Restoration Section negotiated a BDA with First State Military Academy regarding the First State Military Academy Site, located at 355 West Duck Creek Road in Clayton, Delaware. Identified by Kent County as tax parcel number 3-04-01806-01-6500-0001, the 35.65 acre Site may have had a release of hazardous substances as a result of past use as an underground storage facility. DNREC invites written public comments on this BDA. The public comment period begins on February 26 and will close at the end of the business day (4:30 p.m.)

on **March 17**. Please submit written comments to the Project Manager, Stephanie Scholl, at ; or visit:

AMENDED FINAL PLAN OF REMEDIAL ACTION FOR THE TONI CLEANERS SITE (DE-1005)-

The Department has adopted a plan regarding the clean-up of the Toni Cleaners Site located at 1606 Kirkwood Highway in Wilmington. The selected remedy includes: the demolition of the existing building while leaving the slab in-place; implementation of Electro-Resistance Heating (ERH) through the building slab to treat the contaminated soil and groundwater in the source area; treatment of groundwater within the PCE plume down gradient of the source area; recording an Environmental Covenant on the deed of the property; the development and implementation of a DNREC approved Long Term Monitoring (LTM) plan for groundwater; and

development of a DNREC approved Contaminated Materials Management Plan (CMMP). DNREC issued public notice of the Amended Proposed Plan for the Toni Cleaners Site on August 3, 2013. A public hearing was held on November 7, 2013. The Secretary issued Secretary's Order No. 2014-WH-0002, requiring implementation of the Amended Proposed Plan as the Amended Final Plan, on February 11, 2014. The public may appeal this Final Plan by **March 22**. For additional information, please contact Robert C.
